

## Dreams of Me

(Words and Music by Nancy Joie Wilkie)  
 (Additional Music by Kara Sweetwater)

D7 (in DADGAD)

If **I** could go to a place in your head      D7      D7  
 It would be behind your eyes      D7      D7  
 Then I could see what you see      D7      D7  
 And know your dreams of me—dreams of me—      G9      G9      D7      D7

If **I** could go to the scars in your soul      D7      D7  
 There'd be stains all o'er this scene      D7      D7  
 I would slay what you pray      D7      D7  
 And I would rule your day—rule your day—      G9      G9      D7      D7

Ah—ha—rule your day—      F6      G9      D7      D7  
 Oh—ya—no more prey      F6      G9      D7      D7

If **you** could go to the heights of my head      D7      D7  
 You'd stir up quite a surprise      D7      D7  
 No hate, no lies, no fear you'd find      D7      D7  
 Nothing of the kind—inside my mind—      G9      G9      D7      D7

If **you** could go to a spot in my soul      D7      D7  
 It would be up on my top floor      D7      D7  
 Then you could feel what I feel      D7      D7  
 And you'd know what is real—know what's real—      G9      G9      D7      D7

Ah—ha—know what's real—      F6      G9      D7      D7  
 Oh—ya—it's what I feel      F6      G9      D7      D7

[Interlude]      G/G      G/G      F/Bb      F/Bb      Eb/C      Eb/C      D7/D7      D7/D7

[Solo]      D7      D7      D7      D7      D7      D7      D7      D7      G9      G9      D7      D7  
             D7      D7      D7      D7      D7      D7      D7      D7      G9      G9      D7      D7  
             F6      G9      D7      D7                      F6      G9      D7      D7

If **we** could search this wonderful world      D7      D7  
 For a way to bring us peace      D7      D7  
 We might pray a prayer or two      D7      D7  
 And see what God will do—what God will do—      G9      G9      D7      D7

If **we** could go to a seat in the sky      D7      D7  
 It would be above the stars      D7      D7  
 Down the street from Heaven's Gate      D7      D7  
 Just to the left of Mars—left of Mars—      G9      G9      D7      D7

Ah—ha—left of Mars—      F6      G9      D7      D7  
 Oh—ya—Heaven's Gate      F6      G9      D7      D7  
 F6      G9      F6      G9                      Oh—ya—we must wait!      F6      G9      D7!
