

Drop Of Hope

(Words and Music by Nancy Joie Wilkie)

Verse 01

The light of day
Found its way—to a place
You left—without a trace

The ray of light
Found the night—in a place
I held—with faded grace

I came across a drop of you
Shining bright white in this sea
Of missing hope

Verse 02

Years are flying
Like motion—on the tracks
Slipped—between the cracks

Fears are dying
Like leaves—on the ground
Littered—without a sound

I have grown a drop of faith
Shining bright white in this sea
That was missing in me

Verse 03

A song or two
To you—and you
Prayers—for something new

The dream now due
Here—what is true
Answers—from distant view

I have found a drop of hope
Shining bright white in this sea
Of missing you
